

What is a “limited power of attorney” authorization?

The **authority granted** to another under a written power of attorney, specifying or describing the **particular acts** the attorney in fact may do, and no others.

Contrast with a **general power of attorney**, which allows **all things** the person could do him or herself.

The clients’ custodian (a bank or brokerage firm holding assets) has this as an option on their account agreements. Client may choose to exercise this option.
